

WHY YOU SHOULD CONSIDER SUPPORTING RENEWING HOMES OF GREATER AUGUSTA

Together We Are Improving Lives!

RHGA depends on gifts from community-minded people like YOU to purchase the building materials used by our volunteers to meet the needs of our vulnerable neighbors.

As an example, donor gifts assisted to install a \$1200 step-in shower:

"I am so grateful to you every time I shower. I have been bathing from the sink for over a year, because I couldn't get in and out of my tub!"

Your Donation Will Go Directly to Helping Vulnerable Homeowners

Your generous and thoughtful gifts provide the materials our volunteers use to improve the living conditions of many homeowners in our community who simply do not have resources to do the repairs and updates needed to enjoy **Safe, Warm, Dry and Accessible** living environments.

A typical project costs range from \$500-\$2000.

When faced with a total home rehab budget exceeding \$25,000, your generosity gave us the confidence to adopt a family that had been forced to buy and move into a home that most of us could not imagine living in.

No running water, no power, no heating or cooling, no plumbing, a leaking roof, no windows, broken doors...

To date, significant gifts totaling \$21,500 have enabled the family to move forward with a new roof, electrical connection and wiring throughout, windows and doors, and a new front porch.
